

Learning is easier with a little help

# Distance Learning Done Better

## Efficient, Collaborative, Comprehensive Engagement

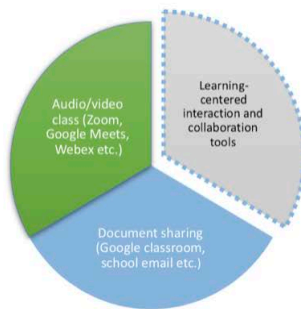

### Enrich And Streamline Your Live Online Teaching With Meemli - For Free!

With distance learning during Covid exposing gaps in engagement, we want to help more teachers enjoy the benefits of Meemli's online learning platform which offers students and teachers a collaborative learning experience all in one place - similar to being in a classroom.

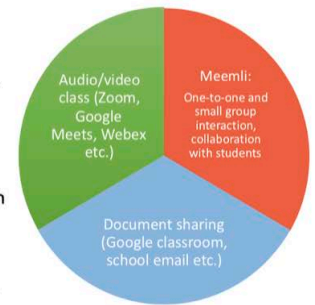

Like to be innovative in your teaching? Join a select educator group using Meemli to enrich "online classrooms" this fall and enjoy participating in refining Meemli to suit your needs!

Meemli's customizable, purpose-built online learning space:

**Meemli  
Bridges The Gap With  
A Comprehensive  
Student And Teacher  
Friendly Platform**

- ✓ Connects students to easily communicate and collaborate one-on-one, in small groups or as the entire class
- ✓ Empowers teachers to create, monitor and guide classroom collaboration with responsive personalized interactions
- ✓ Integrates with other existing e-learning, communication or document management tools as needed

### What you can do with Meemli:

- Host live interactive sessions similar to an on-site teaching experience
- Provide opportunities for individualized learning
- Facilitate small group, project-based learning
- Enable students to share ideas and learn together
- Integrate with Zoom, Google classroom etc.
- Keep all learning interactions in one place to monitor, review, reuse and more -
