Full Service

Schools and youth organizations can easily offer any of these affordable, engaging, high-quality programs to their students, onsite or at home, as Meemli provides and manages the teachers, mentors, class delivery, curriculum, and kits as needed.

Custom Fit

Students need only a computer with Internet access and a browser. These online programs typically include 6-10 sessions, each about 50 minutes long. Meemli can customize duration and delivery to fit the organization's student needs and environment.
